TEADE 392 SPORT

1998 KFPS Sport Stallion, Black, 16.1H

Teade 392 is an amazing example of what the Friesian breed is capable of, both in the dressage ring and as a sire. He has earned his USDF Performance Merit awards at Training-Third level and is now showing Fourth level with scores to 66%. Teade is Approved on offspring and is the sire of numerous first premiums and keuring champions. He is also the sire of an Approved stallion, Sipke 450.

His offspring inherit his jet black color, beautiful coat, good conformation and they have abundant, thick long hair. Teade also throws beautiful heads and powerful gaits, especially the trot. Teade is known for his charismatic and trainable personality—traits his sons and daughters inherit.
